

| Units | Number of Units | Personnel | Operation and Support Cost (billion\$)* | Estimated annual procurement cost multiplier** | Total cost with procurement | estimated annual procurement cost | Annual 10-year bonus procurement savings*** |
|------------------------|-----------------|-----------|---|--|-----------------------------|-----------------------------------|---|
| Army maneuver brigades | 14 | 227,000 | 42.5 | 1.2 | 51.00 | 8.5 | 4.25 |
| Army Aviation Brigades | 5 | 17,000 | 3.4 | 1.2 | 4.08 | 0.68 | 0.34 |
| A10 squadrons | 6.00 | 8000 | 1.6 | 1.5 | 2.4 | 0.8 | 0.4 |
| F16 squadrons | 19.0 | 23,000 | 5.0 | 1.5 | 7.5 | 2.5 | 1.25 |
| C130 squadrons | 9.0 | 19,000 | 3.9 | 1.5 | 5.85 | 1.95 | 0.975 |
| reaper squadrons | 14 | 13000 | 2.6 | 1.5 | 3.9 | 1.3 | 0.65 |
| Littoral combat ships | 15 | 8000 | 2.2 | 1.55 | 3.41 | **** | **** |
| TOTALS | | 315,000 | 61.2 | | 78.14 | 16.94 | 8.47 |

Formatted Table

*All figures in billions of fiscal 2021 dollars

**These multipliers are estimated from the individual service patterns of the ratio of procurement spending to personnel plus operations and maintenance spending. See Table A-3. "DoD Total (Base + OCO + Emergency) Budget by Military Department and Appropriation Title (\$ in millions)," https://comptroller.defense.gov/Portals/45/Documents/defbudget/fy2021/fy2021_Budget_Request_Overview_Book.pdf. These are at best illustrative, but more accurate estimates are unavailable.

*** if 50 percent of equipment from disbanded units is redistributed to remaining units.

**** These ships are new, and the entire planned inventory of 35 vessels have not yet been delivered. Thus retiring 15 of them would have no impact on procurement spending for many years
